Motor Vehicle Tax Bill

RE: _____

The motor vehicle bill you received reflects what was registered in Salisbury on October 1, _____.

If you traded in your vehicle *after OCTOBER 1, _____* and the *same license plates* were used, the new vehicle will appear on the upcoming January supplemental list.

If you disposed of the vehicle *after OCTOBER 1, _____* and *DID NOT* use the same license plates, the Assessor can pro-rate the July tax bill if appropriate proof is provided. The Assessor's Office requires ***two forms of proof*** from the list below if you no longer own a vehicle in order to remove your vehicle from the Salisbury tax rolls.

*All forms of proof must identify the vehicle including the **year, make, model, VIN number, CT License plate number and the date** the vehicle was disposed of.*

VEHICLE SOLD/TRADED IN:

- Receipt from DMV showing the date the license plates(registration) was canceled.
- Copy of bill of sale
- Letter from the junk dealer showing the date they purchased the vehicle.
- Letter from the insurance company showing the date the insurance was canceled.

VEHICLE REMOVED FROM CONNECTICUT:

- Copy of DMV registration from the new state showing date registered and vehicle info (be sure to cancel CT registration if you have not done so)

VEHICLE TOTALLY DEMOLISHED:

- Letter from the insurance company showing the date the vehicle was damaged and insurance was canceled
- Copy of accident report from State Police showing date damaged and vehicle info
- Letter from the junk dealer showing the date they purchased the vehicle

**If you have any questions about this process or what form of proof is acceptable,
please contact the Assessor's office at 860.435.5176.**
