Appl. for COA: Solar Array on the carriage barn of the Stiles Hse., 75-77 Main St, Salisbury (Sobel + Smith)

#2021-002

- The carriage barn is located towards the back (west) of the Stiles House property.
- The proposed solar array would consist of 24 all-black panels on the south-facing roof of the carriage barn, measuring approximately 42' x 11', as well as 12 all-black panels on the west-facing roof of the carriage barn, measuring approximately 42' x 5.5'.
- The panels would be mounted flush to the roof surface.
- Solar PV systems do not produce noise.

Also attached is a site plan; an aerial view of the property. The proposed solar arrays are marked as black rectangles on the carriage barn roofs. I've also attached a photo of an install with similar all-black panels.

James LaPorta (Litchfield Hills Solar's owner) is cc'd on this email, and can be reached at (860) 672-0529 james@litchfieldhillssolar.com

COA for 8 Main St. — Kathy requested the 9:50 time slot, she is finished with her meditation class.
