Sean White, Director
Salisbury Housing Committee Inc.
P.O. Box 10,
Salisbury, CT 06068

3/1/2021

Dear Sean,

Further to our recent discussion about waste removal, we have reviewed your plans for the Holley Place project, dated 2/3/21.

Based on the number dwelling units and their size, we believe the space allocated to trash and recycling will be adequate.

We recommend starting with six trash and six recycling containers of 95 gallons each. A photo and dimensions are attached. These containers will easily fit in the area marked "Trash/Recycle Rollout Storage" on the ground level.

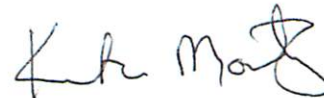

We will empty the containers once or twice per week. We are in Lakeville and Salisbury every day.

Our truck will access the property from Holley Street.

Our driver will stop outside the garage doors, and roll the containers out of the building to empty them. This should take 10 minutes or less.

Please do not hesitate to contact me with any other questions. We look forward to serving this new building along with your other locations in Salisbury.

Regards,

Keith Monty
