First Selectman Report

C. Rand mentioned that he has been approached by multiple residents regarding truck noise through town. The Selectmen discussed a few ideas for trying to resolve the issue, and C. Rand has contacted several companies who seem to use unmuffled Jake brakes on state roads in our town.

C. Rand gave a brief update on the Salmon Kill Bridge project. The construction company is working on drilling micro piles into the sub-footing now, we do not have a completion date at this time but the project has been delayed by at least a month due to “unanticipated conditions” in the substructure.

C. Rand also mentioned that the spongy moth situation has been mild so far this year.

Brian Bartram, Transfer Station Manager, came to as the Selectmen to increase the one-time use fee for disposal from \$10 to \$20. He noted that the fee has not changed in a long time, and this may encourage more people to purchase the sticker. The Selectmen approved the increase.

New Business:

- b. The Selectmen discussed the possibility of transferring funds from American Rescue Plan Act (ARPA) to assist with the process of decommissioning the former Transfer Station. The Town of Sharon will likely be contributing \$12,000 for this effort. C.
