Subject: Food Pantry Application

We strongly support the Food Pantry's Application to continue the outstanding service they provide to people of the area. This will give the organization an even stronger foundation on which to plan and build into the future. As members of the Church of St. Mary which gave rise to the Pantry more than thirty years ago we are particularly invested in its progress and success.

Subject: Corner Food Pantry application

Dear Salisbury Planning and Zoning Commission,

I am writing to support the application for the Corner Food Pantry (CFP) for a special permit. The CFP has been operating from its location adjacent to St. Mary's Church for over 30 years with absolutely no disruption or inconvenience to the community. The CFP is critical in addressing food insecurity in our local community, which is a critical and growing problem. Last week alone, the CFP provided meals to 137 families comprising 620 individuals. Many of the families being served are working class American families whose income is insufficient to meet their nutritional requirements. Others are immigrants struggling to make ends meet in our country. The CFP is unique in serving and supporting the tri-state community every week, while most other food pantries are only open every other week. Other than the shortage of low income housing, there is no greater social need facing our community than the one addressed by the CFP. Lastly, the CFP volunteers are awesome. I know that, because my wife is one of them.

Warm regards,

Thaddeus Gray, Lakeville

Sent: Tuesday, February 27, 2024 9:25 AM

To: Land Use <landuse@salisburyct.us>

Subject: Food Pantry Application

To the Salisbury Planning and Zoning Commission and Whom It May Concern,

My name is Cheri Johnson. I am a board member of the Corner Food Pantry and an active volunteer at its 80 Sharon Road site in Lakeville. I got involved with the organization in 2022 after seeing the incredible need for food access in the Northwest Corner. Having volunteered for five other pantries and food access organizations in other places I have lived, I can attest with great confidence that the Corner Food Pantry is the most well-run pantry I have encountered.

This amazing non-profit serves members of its community with a dependability, generosity, and responsibility that is unsurpassed. Since its inception over 30 years ago, the Corner Food Pantry has become an integral part of the community: supporting anyone who has found themselves in need by combatting hunger in children, adults, and the elderly. The organization works alongside local social service organizations to not only serve those families and individuals who come to its site, but to deliver food to those who are homebound and find themselves in desperate need of extra care. While those who pass the pantry may see a small line of expectant cars for a few hours each week, those who volunteer for the pantry or are served by it know that through the work of its volunteers it feeds hundreds of individuals every month.

In my capacity with the pantry, I get to work in close relationship with CT Foodshare, the state's foodbank. **CT Foodshare's relationship with the Corner Pantry is based on a number of criteria and on-site inspections, which the Corner Food Pantry handily meets during regular evaluations.** CT Foodshare works in conjunction with the Corner Food Pantry to make its inner workings and facility function at its best to offer food that is safely stored, fresh, and healthy, and offers volunteers a safe space in which to work.

At a time when land and housing prices are high, the 80 Sharon Road site of the Corner Food Pantry has provided a most-necessary space for the Corner Food Pantry to carry out its mission. The pantry's site is as critical to its function as the volunteers that work there. The Corner Food Pantry works to keep its presence at 80 Sharon Road discreet, clean, and closely monitored. The organization is highly conscious of working hard to keep lines short, organized, and moving fast, and it regularly re-evaluates its distribution processes to keep surrounding neighbors happy while offering clients high amounts of choice that ultimately keep food waste low.

I am grateful for this commission's time and the ways it makes decisions in the best interest of Salisbury residents. I encourage this commission to support the Corner Food Pantry - an

organization serving residents in critical need - by granting the organization a permit to continue using 80 Sharon Road "for Philanthropic Use requiring Satellite Parking." Providing a permit for this site will enable The Corner Food Pantry to continue its work to help the most vulnerable in our community achieve food security and economic mobility. This is in the best interest for all.

Subject: Corner Food Pantry

My name is Kaye Garner, I live in Lakeville and I am a volunteer/board member of the Corner Food Pantry in Salisbury.

I have been an active volunteer at the Pantry for over 3 years. I am proud to be part of an origination that has been vital to my community for over 30 years.

I am confident the Pantry addresses the needs of people in our area that experience food insecurity. The entire volunteer team that makes up the Panty organization serves clients in a generous and dependable manner; one that our clients have learned to depend on for weekly distributions.

The Pantry works along side and supports other local social service organizations. All this enhances our community by supporting anyone who may find themselves or their families in need.

The site at 80 Sharon Road provides essential space for the Pantry to carry out its mission. All the Pantry volunteers take pride both in their service and the building that allows it all to happen.

I highly encourage this commission to support the Corner Food Pantry by granting a permit to continue using 80 Sharon Road 'for Philanthropic Use requiring Satellite Parking'. This decision will be in the best interest of all.

Thank you for your time,

Kaye Garner

Subject: Food Pantry Application

To whom it may concern,

My name is Adam Derwitsch and I reside at 18 Main Street, Salisbury, CT. I am providing a written testimony on behalf of the Corner Food Pantry and their application for approval of philanthropic use of the property where they are currently located at 80 Sharon Road, Lakeville, CT.

Over the past year, I've had the pleasure of getting to know and working alongside the wonderful volunteers at the Corner Food Pantry. These individuals consistently devote their personal time and efforts to a great cause. The pantry provides a critical service to the community in the form of a free, supplementary grocery option on an at-will, as-needed basis. The support I have witnessed from the volunteers and the generous donors continues to impress me with their common goal of easing the ever-evolving financial burden of inflated food prices in our country.

It is my sincere hope that the necessity for this permit application is strictly a formality and not reflective of a potential lack of support from the municipality. If there is any other information I can provide on behalf of the Food Pantry, please feel free to reach out directly to me.

Thank you for your consideration!

Subject: Food Pantry application

To the Planning and Zoning Commission:

I am writing to support the application of the Corner Food Pantry for a permit to continue their services to the community at the current location. I have volunteered at the Food Pantry for many years, and I am well aware that the Food Pantry has been an enormous benefit to families not only in Salisbury and Lakeville but in surrounding towns as well. The current set-up seems adequate to run the food pick-up/donation process without creating problems for residents, including those living in the immediate vicinity of the current Food Pantry site.

Subject: Food Pantry Application

Dear P&Z Members,

I am writing in support of zoning approval of the Corner Food Pantry's application for continued use of its current location as a food distribution service to needy citizens. I have been a seasonal resident of Salisbury for over 30 years and a full-time resident for the last 4 years. During recent years, I have served as a regular volunteer at the Food Pantry, and thus I have been able to observe its operations and their impact on both the larger community and its immediate neighbors.

As you undoubtedly know, the Food Pantry provides meat, basic staples, and fresh produce for over 125 families from surrounding communities. The Pantry's clientele are uniformly grateful for the food they receive, and the Pantry's activities create enormous good will. The distribution process involves a staging area in St. Mary's parking lot and a drive-through pick-up area beside the church rectory. This arrangement does require that cars drive across Wells Hill Road and then exit onto Sharon Road. The temporary use of traffic cones along both roads serves to warn those cars passing through of the need to drive slowly and with increased vigilance. The families visiting the Pantry are cautious when crossing the road and exiting the area. My work for the Pantry is in the outdoor drive-through area, and during my years of involvement, I have never witnessed any accidents or traffic difficulties related to the Pantry activities. I have also never observed any disruptions of neighbors' activities due to noise or auto traffic.

Given the important service provided to the community, the minimal disruption to neighbors, and the Pantry's record of safety, I urge P&Z to grant approval for the continued activity of the Food Pantry at its current location.

Subject: RE:Food Pantry Application to P & Z

My name is Allison B Gray and I am a board member and active volunteer at the Corner Food Pantry. The Corner Food Pantry has served the tri-state region for over 30 years at 80 Sharon Road. Everyone who volunteers at the Corner Food Pantry has always made it a point to be respectful of both our clients and our neighbors. We have also made a huge effort to keep the distribution process as organized and speedy as possible so that it is not disruptive to the neighbors. We keep the site tidy and we are regularly inspected by The State of CT Food Share representatives. We make it a priority to run a highly efficient and respectful site.

The Corner Food Pantry is unique in that we serve the tri-state region on a weekly basis. We have over 100 loyal volunteers: men, women and students from HVRHS, The Salisbury School and The Hotchkiss School. We work with local farmers and several other local organizations to acquire a great deal of our fresh produce. Our mission is to give out the healthiest, freshest food that we are able to acquire every week. We also work closely with town Social Services and deliver food to shut ins or families in crisis in Salisbury, Lakeville, Sharon and S.A.G.E. We have found that with inflation and the aftereffects of covid that our numbers have increased. On an average week we serve 105 families or about 420 individuals. Last week we served 137 families or 620 individuals. The need is real.

It is for this reason that we so passionately volunteer every week. We are addressing the food insecurity challenges of many individuals and families in the community.

I encourage the commission to support the Corner Food Pantries' application for a permit to continue our work at 80 Sharon Road, so that we can serve those who are the most vulnerable in our community.

Sincerely,

Allison B. Gray

Subject: The Corner Pantry Special Permit

I am writing in support of approving a Special Permit for Philanthropic use for The Corner Pantry in Lakeville. (Full disclosure... I am an active volunteer and member of its Board).

The Pantry (previously OWL'S KITCHEN) has an outstanding record of service to the greater Salisbury/ Lakeville community. In promoting its mission to assist the hungry, The Pantry provides nutritious food, without reservation, to anyone who comes to it. The Pantry helps people of all ages, from many towns in the Northwest Corner, New York and Massachusetts, from all backgrounds, anyone who needs food, and it has done so for many years. This is an organization we can all be proud of - its volunteers are hardworking, compassionate and resourceful.

I sincerely hope that P& Z will grant a Special Permit that will allow The Corner Pantry to continue its valuable work.

PROJECT
SAGE
to end relationship violence

March 1, 2024

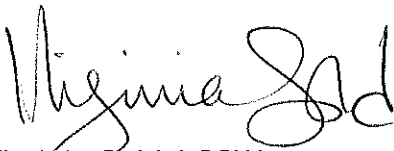

Dear Salisbury Planning and Zoning Committee:

Project SAGE would like to submit our support for The Corner Food Pantry application for a Special Permit for "Philanthropic Use requiring Satellite Parking (at Saint Martin of Tours Parish Parking Lot on Wells Hill Road)" in order to continue operating at their current location at 80 Sharon Road in Lakeville.

As a community agency serving clients from across the Region 1 area, Project SAGE partners with the Corner Pantry to support anywhere from 2 to 10 families each week. For families struggling with violence in their daily lives, meeting immediate basic needs often becomes an additional priority. It is challenging to problem solve alternatives to violence if one is worried about feeding children, keeping the lights and heat on, putting gas in the car to get to work, etc. The food supplied each week by The Corner Food Pantry becomes a vital support for struggling families. Reducing food insecurity allows resources to be allocated to other needs.

Project SAGE is immensely appreciative of the work The Corner Food Pantry does to support so many families each week. Their network of volunteers is tireless in their efforts to meet needs efficiently and without undue impact on traffic or the neighborhood. They work to provide a respectful, accessible resource for local residents that is desperately needed in this area.

Thank you for your consideration -

Virginia Gold, LCSW
Director of Client Services

I strongly support the continued use of the buildings in Lakeville where the Corner Pantry (formerly known as Owl's Kitchen) has been located for over 30 years. My involvement with this group began during the first outbreak of Covid and I have witnessed the thoughtful choices the board has made to accommodate the safety of volunteers and clients to keep this operation flowing. It is a convenient location that allows for parking. We seem to make use of every inch of space within the buildings.

It seems our needs are greater than ever.

Respectfully,
Janet Kaufman
