Re: Cease and Correct Order – 198 Between the Lakes Road

At the August 12, 2024 regular meeting of the Salisbury Inland Wetlands & Watercourses Commission (Commission/Agency) a Show Cause Hearing was held regarding a Cease and Correct Order dated August 1, 2024 for an operation within a wetland or watercourse involving the removal of material, alteration of such wetland or watercourse, and earth moving/excavating within 75 feet of wetlands and watercourses conducted at 198 Between the Lakes Road without the benefit of a permit. Specifically, mechanized weed and sediment harvesting/removal have occurred along the western shoreline of East Twin Lake as well as deposition of sand/beach materials.

In accordance with Section 6 of the Conservation Commission's Inland Wetlands and Watercourses' Regulations. \* The Agency considered the facts presented at the hearing. This letter serves as formal notice that the Agency unanimously upheld the original order (attached) with one modification (modified order also attached); to remove the deposited sand within 14 days of the date of this letter.

Additionally, in accordance with the original order, on or before September 9, 2024 the orderee shall retain consultants, acceptable to the agency, to develop a report on or before October 14, 2024 for the agency's review. Such report shall:

- a. Provide a preliminary maintenance and/or vegetation restoration plan, with supporting justification for the maintenance and/or plan.
- b. State in detail the most expeditious schedule for performance including but not limited to the start and completion date, or ranges of dates, of all proposed activities.

Your anticipated cooperation in this matter is greatly appreciated.

Sincerely,

Abby Conroy  
Inland Wetlands & Watercourses Agent
