To the Planning and Zoning Committee,

We wrote to you on December 6 of 2024 to protest the proposed Wake Robin development. We write again today as it is clearer than ever that what is being proposed fails to meet the standards set out by the town's regulations, nor will it benefit local residents.

We urge you to protect the interests and concerns of the many hundreds of residents who signed petitions and wrote letters against the commercialization of a quiet rural refuge. The decision is yours but it should be informed by those who want to protect the area's unique rural character for the future, rather than exploit it for financial gain.

Sincerely,  
Amy Bedik and Steven Siegelbaum
