To the P & Z Commission:

It's shocking that Aradev continues to insist on having two outdoor tented events with amplification of live music and DJs, having first argued that their enormous party space would be far better than the outdoor tented events that the Wake Robin Inn has held in the past.

We hope this project will not be approved. But if it is, please will you make it conditional of NOT including any tented outdoor events with amplification.

Thank you for all you've done for dealing with this project.
