The Commission has given the applicant, Aradev, every opportunity to present facts that would support its granting a special use permit that is authorized by the change to the RR 1 zoning approved by this body in May, 2024.

Although there have been modifications to the original plans submitted by the applicant, these changes do nothing to change the immutable fact that this large, intrusive entertainment venue should not be approved by the Commission.

It is environmentally and socially unacceptable.

You have received the petition ( s) signed by hundreds of town residents opposing this project.

This opposition is not comprised of just residents of the affected neighborhood, but those who live far away.

There is nothing about this project that is beneficial to this rural and beautiful, quiet community in the Berkshires.

Only Aradev benefits.

No one else.

You were elected by the citizens of Salisbury.

They have spoken.

Please deny this application.
